

## Affiliation Worksheet

Dear colleague

We welcome your interest in affiliating your program with Gardens for Wildlife Victoria.

Becoming an affiliate program involves doing a self-evaluation of whether key principles are in place and if not, having a reasonable plan for putting them in place. Below is a table to assist you to do so.

As an affiliate we ask that you use our program logo template which links you to our brand family while providing flexibility to represent your identity.

We also request that you include this acknowledgement in program promotional materials: “We acknowledge the assistance of Gardens for Wildlife Victoria and founding program Knox Gardens for Wildlife”.

Gardens for Wildlife Victoria organising principles	Your [Insert name] program/plan
<b>Involve a local government or agency partnering with community volunteers and environmental groups to design and deliver the program</b>	
<b>Practise collaboration, co-design, trust and respect</b>	
<b>Recruit and support residents (businesses, schools, other entities) to foster native biodiversity in practical, on-ground actions</b>	
<b>Foster social connections and wellbeing alongside biodiversity objectives</b>	
<b>Include face-to-face interaction with program members as part of the program</b>	
<b>Locally sited</b>	
<b>Celebrate, monitor and share progress</b>	
<b>Logo meets template requirements</b>
